Previous Leadership words of advice and what we could do better:

- * Evan: We need better communication with the club for things like minutes, club funds, and need for volunteers to help out.
- * Bill W: We need a dollar amount in our bi-laws that if we want to make a purchase we need to put it to a club vote.
- * Treasury report needs to be on the website
- * Bruce: We need a receipt and description for all transactions
- * Need better Monthly Minutes and treasury report available to the club members
- * We need a constitution to describe our board members and duties

Pre-Election Discussion:

Evan: Wants to step down as President and Membership Director, would like to run some tournaments this year

Be: Wants to step down as Treasurer and Tournament Director, wants to see accountable people in charge of the \$1,500 in our account along with all Club merchandise

Josh: Would like to help with maintenance, since he has a landscaping company

KC: Wants to run the website this year and not. If someone else takes it he would like to see that Twitter, Facebook, DiscGolfscene are still kept up as well

Rob: Would like to be more involved in the leadership

Vince: Wanted to make his voice heard

Will: Wants to help the club, when he can

Dan C: Wants to see what the leadership was doing and help with maintenance

Pete Magnum: Would like to be the Membership Director

Bruce: Wants to run for President. Feels like he's always there to listen to disc golfers as well as teach/play with any new comer. Would like to get more people involved.

Dave: Wants to get more involved

Bill W: He would like to help out leagues, tournaments, new courses, and wants to see a discussion email group where leadership and regulars members can converse.

Chad: Played since 02, runs leagues & would like to again. #'s have increased since he has been running leagues.

Vince: He is an idea guy. His wife has been a board member in her company for many years and could help bring some structure to the leadership. Would like to run for Vice President

Danny B: Has lots of club leadership experience. Student Council and college club officer experience. Could help bring a more democratic structure to the club.

A word from Bill Wright:

* Wright life will be running a World overall disc week next July. 7 different disc sports. Practices are every Sunday at 10am at Rolland Moore Park by the tennis courts. More to come on his site.

* The new course by Hughes stadium is still under works, just very slow dealing with the city and CSU.

Magnum's point: We should have more than one person that knows how to do our website, just in case.

Evan & Edora's Redesign: Is in contact with LeAnn and Sean from Parks & Rec. City is installing the course in stages. We will let the club know when a maintenance day is needed.
